

## GIB™ G.I. Balance Probiotic Supplement

### 60ct - 1 Month Supply

**Suggested Use:** Take two (2) capsules in the morning as a dietary supplement to support digestive health.

#### GIB™ G.I. Balance

is a combination of beneficial microorganisms (probiotics) designed to support optimal function of the intestinal tract. A healthy balance of intestinal flora can influence nutrient absorption, aid in protecting against unwanted bacteria and may decrease inflammation due to increased immune response\*

**GIB<sup>TM</sup> G.I. Balance**  
**DIETARY SUPPLEMENT**

**GIB<sup>TM</sup> A Unique Blend of Probiotics**

Formulated to Support the Immune System with 70% located in your gastrointestinal tract. Maintaining it in a quiet, non-activated state requires over a trillion good bacteria.

**Digestive Balance**

**Proven Probiotics & Immune Support**

Trillions of good bacteria reside in your GI tract and play a critical role in maintaining good health and a strong immune system. Restoring the natural balance of beneficial bacteria within the G.I. tract may help to reduce digestive irritation, assist in the production and absorption of important vitamins and nutrients and aid in the proper digestion of the food we consume.
